OCTOBER IS ENERGY ACTION MONTH

Get ready to power up and make a difference in our community! October is officially Energy Action Month, and we're excited to invite you to join us in taking meaningful steps towards a more sustainable and energy-efficient future.

Every small action counts, and together we can create a lasting impact on our environment and on reducing energy costs. Here are some simple yet powerful ways you can participate in Energy Action Month:

- 1) **Turn Off and Unplug:** Be mindful of turning off lights, electronics, and appliances when not in use. Unplugging chargers and devices can make a significant difference in reducing energy consumption.
- 2) **Optimize Thermostat Settings:** Adjust your thermostat to conserve energy. Lower the temperature in cooler months and raise it in warmer months to save on heating and cooling.
- 3) **Conserve Water:** Report any leaky faucets and take shorter showers. Every drop saved helps in conserving this precious resource.
- 4) **Switch to LED Lights:** Replace traditional light bulbs with energy-efficient LED bulbs. They last longer and consume less electricity.

Join us in this exciting initiative to make a lasting impact on our environment and reduce our collective carbon footprint. Together, we can create a more sustainable future for our families and generations to come. For more energy conservation tips, visit <https://www.huntmilitarycommunities.com/resident-resources>. Let's shine a light on energy efficiency and show our neighbors what we can accomplish together!
