

COMMUNITY DIRECTOR UPDATE FEBRUARY 1, 2025

COMMUNITY REMINDERS

To all the military families in our community, your presence is an honor. The sacrifices you make—whether serving directly or supporting a loved one who does—strengthen not only our nation but the very fabric of this community. We see your resilience, your commitment, and the unique challenges you carry with grace. Thank you for all you give and all you endure in service to our country. We're grateful to have you here and proud to support you.

MAINTENANCE TIPS

Protect Your Home in Freezing Weather:

- Let faucets drip during extreme cold. A slow drip helps prevent pipes from freezing.
- Open cabinet doors under sinks. This allows warm air to circulate around plumbing.
- Know where your shut-off valve is. In case of a plumbing emergency, quick action can prevent damage.

Energy-Saving Tips:

- Set your thermostat wisely. A steady temperature is more efficient than frequent adjustments.
- Use rugs on bare floors. They help insulate and keep rooms feeling warmer.
- Report heating issues early. If something doesn't feel right, maintenance can address it before it becomes a bigger problem.

We're Here to Help!

If you have concerns about heating, drafts, or winter safety, reach out to the housing office. Our team is ready to support you and ensure your home stays warm and comfortable all season long.
