

COMMUNITY DIRECTOR UPDATE OCTOBER 1, 2026

COMMUNITY NEWS

Enhancing Home Safety with Window Opening Controls

We will be installing window-opening control devices in upstairs windows in all two-story homes before the end of the year. This is a requirement by Crane Naval Base and the US Navy.

We will need to install the limiters on each bedroom window that has a sill within 42" of the floor on the second floor. We will schedule appointments to enter your home to complete this required safety measure.

KNOW SOMEONE LOOKING FOR HOUSING?

If you know a military member or civilian employee who may be interested in living at Crane Family Housing, please have them contact our leasing office at (812) 369-1009. We'd be happy to share information about our community, answer questions, and help them find their next home.

As a thank you, if they mention you referred them, you will receive a gift card for your referral!

We will have one 4-bedroom home and one 3-bedroom home available in September and October. Don't miss this opportunity to help friends and colleagues!

The ad hoc system for emergency notification on base is going away as of July 31, 2026, and the Navy is going to an alternative system. I will be requesting your preferred method of notification in the coming time to update and include everyone in the new system.
