COMMUNITY DIRECTOR UPDATE

NOVEMBER 1, 2026

Holiday Office Closure Reminders

Our office will be closed on November 11th for Veterans Day and November 26th for Thanksgiving. Regular business hours will resume on November 12th and November 27th, respectively.

A SEASON OF GRATITUDE AT CRANE!

As November arrives, we're reminded of the many reasons we have to be thankful. Most importantly, we are grateful for the residents who make Crane a welcoming and vibrant community.

In observance of Veterans Day, we extend our heartfelt appreciation to all veterans, active-duty service members, and military families for their dedication, service, and sacrifice. Your commitment to our nation inspires us every day.

Landscape Maintenance: One final round of bush trimming and seasonal leaf removal will be completed this fall. Mowing will continue through November. Please note that residents are responsible for maintaining flower beds and removing weeds around their homes.

Winter Preparation: As colder temperatures approach, remember to disconnect and remove all garden hoses to help prevent frozen pipes. Additional notice will be provided when hose removal is required. Please note that residents may be held financially responsible for damages resulting from frozen pipes caused by hoses left connected.

Preventive Maintenance: Our team conducts routine preventive maintenance, including HVAC filter replacements and inspections of smoke alarms and other safety systems. If your home has not received a preventive maintenance visit within the past year, please contact our office. We are also happy to assist with water filter changes and other maintenance concerns.

Thank you for helping keep our community safe, maintained, and winter-ready!

MAINTENANCE TIPS & UPCOMING EVENTS

MAINTENANCE TIPS

Planning to Travel?
If you'll be away from home for several days, please notify the office so we can keep an eye on your home. We also recommend shutting off your water to help prevent potential water damage while you're away. If you need assistance, our maintenance team is happy to help.

Fireplace Safety Reminder: The fireplaces in your home are fully functional and available for use; however, they are not intended to serve as a primary heat source. Because they operate on natural gas, usage may increase utility costs where applicable.

For safety, **always turn off the fireplace when leaving the room,** and never leave it operating while away from home. If you experience any issues lighting or operating your fireplace, please submit a work order, and our maintenance team will be happy to assist.
